CodeRace Challenge 2025

Instruction Final Round

1 Notice & Declaration

This document and the information in it are provided in confidence as a guide only for Final Round of CodeRace Challenge 2025, is not professional advice, including legal advice and may not be disclosed to any third party or used for any other purpose without the express written permission of Bosch Global Software Technologies Vietnam. It should not be assumed that the guidance is comprehensive or that it provides a definitive answer in every case.

2 Round 1 Instruction

2.1 Overview

Each team will have to research your understanding and solutions and build concept design for the provided problem statement.

Please kindly arrange your outputs and store it into a shared link and submit directly via email to EmployerBranding.BGSW-VN@vn.bosch.com with subject **CodeRace 2025 – Team's Name – Final Round Submission**.

You are required to finish and submit your presentation slide until 24 July, 17:00 PM as latest. Any submission later than this will be disqualified.

2.2 Mission

You will be provided with a CAN log file from the organizer.

Each team must:

- **Flash the software onto provided kit** (before your demo slot begins).
- The kits will be **connected to a car system** via CAN.
- **Demonstrate the 2 test cases**, with outputs shown on the car HMI (Human-Machine Interface).
- **Present your solutions** to the steering committee. Each team will have 15 mins to present about your solution: 8 mins presentation + 7 mins Q&A

2.3 Project Submission

- Slide presentation:
 - Problem Statement (1 slide)
 - Solutions + Innovation (if any) (1-2 slides)
 - Software Design Document (2 slides)
 - 2 Test cases (1-2 slides)

2.4 Evaluation Criteria

The **final score** will be the **average of two components: Presentation score & Demo score**.

Presentation:

- Document SW Design: Clarity and completeness of your software design document. - 30%
- Visual pptx: Visual quality and layout of your presentation slides - 20%
- Communication: Clarity and effectiveness in presenting your ideas - 40%
- Innovation: Assessment of how well your team demonstrates innovative approaches or adaptations - 10%

Demo:

- Implementation: Code successfully flashed and running on real vehicle - 50%
- Testing: Quality of test cases and evidence (test logs, images, videos) demonstrating that the solution works - 50%
