CODE RACE

ROUND

1

Registration Form

2

Automotive Software Evolution

3

Hands on the Code

4

Real Vehicle Interaction

CodeRace 2025 Briefing Session

Expectation Setting

1

Note down any important information

2

Feel free to raise your voice when needed

3

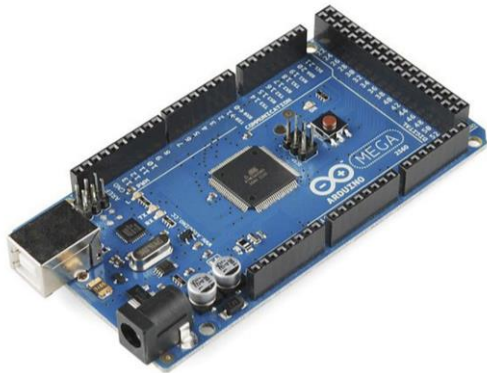

If you need any support, please ask us right away

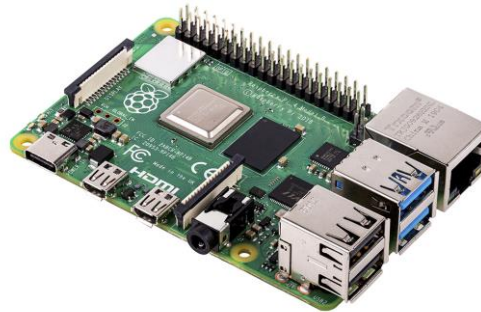

CODERACE 2025 FINAL ROUND BRIEFING SESSION

2025 CODE RACE

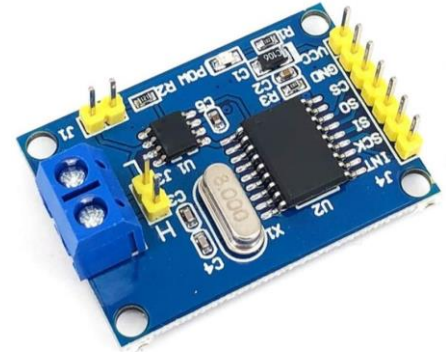

Hardware Needed

5 Arduino Mega

3 Raspberry Pi

5 CAN MCP2515

2025 CODE RACE

Requirements

You will be provided with a CAN log file from the organizer.

Presentation

Demo your solutions

Presentation

Your team will need to submit presentation slide before 17:00, Thursday 24 July.

- Slide presentation:
 - o Problem Statement (1 slide)
 - o Solutions + Innovation (if any) (1-2 slide)
 - o Software Design Document (2 slide)
 - o 2 Test cases (1-2 slide)

Each team will have 15 mins to present about your solution: 8 mins presentation + 7 mins Q&A

Demo

Each team must:

- **Flash the software onto provided kit** (before your demo slot begins).
- The kits will be **connected to a car system** via CAN.
- **Demonstrate the 2 test cases**, with outputs shown on the car HMI (Human-Machine Interface).

2025 CODE RACE

Evaluation Criteria

The **final score** will be the **average of two components: Presentation score & Demo score**

Presentation

Criteria	Description	Weight
Document SW Design	Clarity and completeness of your software design document.	30%
PPT Slide	Use of technologies/media Were PowerPoint slides clear and valuable?	20%
Communication Skill	+ Can communicate clearly and convey the message/idea + Demonstrates professionalism through appropriate body language	40%
Innovation	Assessment of how well your team demonstrates innovative approaches or adaptations.	10%

Demo

Criteria	Description	Weight
Implementation	Code successfully flashed and running on real vehicle.	50%
Testing	Quality of test cases and evidence (test logs, images, videos) demonstrating that the solution works.	50%

Q&A

GOOD LUCK!
